## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-16 are allowed.

The following is an examiner's statement of reasons for allowance, which are the same reasons for allowance noted in the previous office action mailed 01/12/2007:

In regard to claim 1 the prior art made of record either alone or in combination does not teach or fairly suggest with the other elements of the claims that the second portion of the tip is electrically contacted to the surface of the storage medium in response to the first portion being engaged in the dent and wherein the second portion of the tip is spaced apart from the surface of the storage medium in response to the first portion being engaged on the surface of the storage medium and not engaged in the dent.

In regard to claim 12, the prior art made of record either alone or in combination does not teach or fairly suggest with the other elements of the claims the tip having an electrically conductive portion that is electrically contacted to a surface of the storage medium in response to the tip of the probe being engaged in the dent of the first storage cell, and the electrically conductive portion of the tip of the probe being spaced apart from the surface of the storage medium in response to the tip not being engaged in a dent in the second storage cell.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
